

5 Gallon Water Filling Machine

Description

5 gallon water filling machine possesses functions of washing, filling and screwing. It is an ideal barrel water filling machinery for producing mineral water, distilled water and pure water. The whole machine is made of stainless steel that is anticorrosive and easy to clear. With small and exquisite structure, it occupies a little space and features high efficient working, stable and reliable operation and high automation. 5 gallon water filling machine is typically used for 5 gallon water bottles. As a professional manufacturer and supplier of barrel water filling machinery in China, Pukui designs products with high quality certified components to ensure reliability.

Characteristics

1. Closed working compartment design ensures that this filling equipment is tidy and healthy.
2. Pukui 5 gallon water filling machine is controlled by microcomputer and is easy and reliable to operate.
3. This barrel water filling machinery owns RO purification system that makes it complete washing, filling and capping automatically.
4. It can automatically wash bottles with high concentration ozone water. The whole filling process is healthy and convenient.
5. Water provided by the 5 gallon water filling machine is in accordance with national standards.
6. The 5 gallon barrel water filling machinery uses 24-hour uninterrupted UV disinfection to guarantee water quality.

Operation and Maintenance Attentions

1. We need to know the source water quality and choose proper 5 gallon water filling machines with certain water production capacity.
2. Our company provides one year warranty for the broken parts of this barrel water filling machinery. Customers can contact us via email or telephone for after sale service.

Packaging and Transportation

We package 5 gallon water filling machines in carton for ordinary order. For bulk order, we use polywood cases for sea or air transportation.

Specifications

Item	Specification
Dimension	1950 mm × 1014 mm × 1690 mm (W × D × H)
Material	stainless steel material
Water Production Capacity	1300 GPD (4920 L per day) to 3000 GPD (11350 L per day).

Jiangmen Pukui Intelligent Machine Co., Ltd

Address: Lubian Industrial Zone, Chaolian Town, Pengjiang District, Jiangmen City, Guangdong Province, China

Technical Parameters of 5 Gallon Water Filling Machine

Sub-Model	FP-01-1300	FP-01-1900	FP-01-2500	FP-01-3000
Production per Hour	200 L	300 L	400 L	472 L
Power Input	1.8 KW	2.53 KW	2.93 KW	3.63 KW
Current Input	8.2 A	11.5 A	13.3 A	16.5 A
Size of Filling Bottle	5-gal	5-gal	5-gal	5-gal
Filling Flow Rate	30 bottles/h (5gallon bottle)		30 bottles/h (5gallon bottle)	
Water Tank Capacity	220 L	220 L	220 L	220 L
Ozone Productivity	13 g/h	13 g/h	13 g/h	13 g/h
Air Pressure	0.6-0.7 MPa	0.6-0.7 MPa	0.6-0.7 MPa	0.6-0.7 MPa
