

Popular Water Vending Machine

Introduction

Popular water vending machine, as a kind of automatic water vending machine, is able to provide fresh and healthy drinking water for clients. It can be installed in communities, streets, supermarkets, schools and units. As a 24-hour vending equipment, this water vending kiosk facilitates people's requirements of high-quality drinking water that is convenient, cheap and innovative. This automatic water vending machine mainly consists of RO membrane, filter, powder coated steel cabinet, coin acceptor, bill validator and system board. We will continue researching, developing and innovating to manufacture high quality water vending kiosks and improve drinking water for customers. Customers can buy purified water by coin or IC card.

Characteristics

1. The automatic water vending machine adopts advanced reverse osmosis technology to ensure water's quality and safety.
2. This water vending kiosk is installed with stainless steel folding gallon shelf and stainless steel vending compartment. Module design makes it easy to install and maintain.
3. Waterproof steel cabinet and front door open design contribute to its safety in use.
4. With pre-treatment sand and water filtration system, this automatic water vending

machinery realizes strong pretreatment and reversed flushing to reduce using cost.

5. With digital water vend counter, the water vending kiosk can record the vending situation.
6. Custom signage fits advertisement requirements.

Operation and Maintenance Attentions

1. We need to know the source water quality and choose the automatic water vending machine with right water production capacity.
2. Pukui provides one year warranty for this popular water vending kiosk's broken parts and offers excellent after-sale service.

Packaging and Transportation

We package popular automatic water vending machines in carton for ordinary order. For bulk order, we use polywood cases for sea or air transportation.

Specifications of Popular Water Vending Kiosk

Delivery Pump Flow Rate	8 L per minute
Material	Stainless steel (304) and powder-coated steel

Jiangmen Pukui Intelligent Machine Co., Ltd

Address: Lubian Industrial Zone, Chaolian Town, Pengjiang District, Jiangmen City, Guangdong Province, China

Tel: +86-750-3727343
